SOUTH BEACH FIVE RUGBY MARSEILLE THE ONLY FRENCH STAGE OF BEACH RUGBY FIVE TO BE PLAYED ON THE SAND AGAIN MASTER FINALS OF THE EUROPEAN BEACH RUGBY ASSOCIATION

For its twenty third year the South Beach Rugby Five Marseille France will welcome for the second time the Prado David Master Final. This event is scheduled for July 22 and 23, 2023. Our event will celebrate for the occasion the first decade of the title for our boy team who has won the first European Beach circuit Rugby Ebra Series association. This year we are continuing this year partnership for the benefit of associations like TCAP21 who works in ordinary youth integration carriers of Down's syndrome, of the Association for autonomy of Fabrice L'Aslaf who works it against the disease de Charcot. The association of Bedros friends who guides his support mainly to the gift of blood. In this year 2023 which will host the World Cup From Rugby to XV in France, we want the practice of Beach Rugby Five to tackle on the sand either value. We are counting on support again unconditional of our friends, institutional our partners as well as all the faithful volunteers whatever their degree of seniority. More than ever, our Federation of Guardianship The Ufolep will be again and again by our side to put in place the national challenge that all lovers of Our rugby practice on sand are waiting. Considered! As a Beach Rugby referent (to touch) for The South Rugby League, the president of the sports center Marcel Monitive and the Manager of the Commission New practices of the southern rugby league Gilles Orsoni got closer to us as that the «South Beach event organizer Rugby Five Marseille », in order to promote the Rugby practice » beach to touch with the rules of the FFR. We hope to have a chance again and the opportunity to organize a qualifying step of French championship to touch that will be followed by tournament of partners, alumni and the press Friday July 21 on the Prado beaches in Marseille.

Thanks to Eric Dravet, representative of the federation adapted sport, director of the Point Sud association, and above all co-founder of the Beach Rugby Five Marseille, Beach Rugby initiations for an audience from the Adapted sport are a real success. He will work, among other things, with the TCAP21 association. We will put also a particular emphasis on development from the Marseille Challenge Stanislas Durand, the tournament Beach Rugby for young M10, M12, M14 and M16. On the other hand, the craze of all tournaments we oriented

towards the organization of the Master Ebra Series Finals over two days, on Saturday and Sunday. We will try to organize again this summer with our treizist friends, Beach Rugby meetings XIII in order to build a European circuit in the goal of the XIII Rugby World Cup in 2025. We almost arrived at the end of the road by recognition of our discipline to be placed on the sand in France and we continue our journey to bring back to Marseille a World Beach Rugby. We did this beautiful quote from Daniel to Herrero Rugby Monument from our beautiful Provençal region:

"I have long surveyed the paths of Ovalie, the territory without borders of rugby enthusiasts. It's a world where we meet more than we meet .."

OVALE BEACH ASSOCIATION ORGANIZING SOUTH BEACH RUGBY FIVE MARSEILLE TO SUPPORT ADAPTED SPORTS AND OTHER CHARITY ASSOCIATIONS

Eric Dravet member of the board of directors of the Departmental Federation of Adapted Sport and Director of the Point Sud but also founder association of Beach Rugby Five Marseille. He is the big host of these discovered days and initiation to The practice of sand rugby.

On the initiative of Katia Bergamelli, the association TCAP21 has aim to support adolescents and young people adults with Down's syndrome in the realization of their life Project. TCAP21 helps them acquire autonomy and ability to self-determination aimed at social inclusion and professional.

ASLAF The Fabrice's Autonomy Association which fights against Charcot's disease

The association Les Potes de Bedros which works to promote blood donation

We have associated ourselves with Secours Populaire to introduce the practice of sand rugby to young people in the network.
